

51118

Alemlube Tyre Inflator Gun With Digital Gauge

March 2024

The 51118 Premium Tyre Inflator Gun provides accurate inflation using a digital number read-out that is suitable for any tyre inflating environment.

Performance you can't go past with its European design, engineering and flair, the made in Italy 51118 digital tyre gauge from Alemlube is a reliable, robust and efficient digital tyre inflation gauge that performs to an accuracy of $\pm 1.6\%$.

Manufactured from impact resistant aluminium alloy and with a backlit digital display protected by an oil resistant rubber casing, the 51118 is the ideal tyre inflation and deflation device for automotive, transport, construction and mine site workshops looking for accurate and long-lasting workshop equipment.

The handle has a two position inflate or deflate setting, internal brass fittings and a stainless-steel spring that ensures this high-quality tyre inflator will perform accurately each time.

2 x AAA batteries provide the digital read-out with a 1/4" BSPF thread inlet connection.

This premium digital tyre inflator is a great addition for busy vehicle workshops requiring mobile and accurate tyre inflating.

SPECIFICATIONS, FEATURES AND BENEFITS

- Made in Italy
- Overpressure protection
- Ergonomically designed to provide an excellent grip in all types of weather
- Digital number reading provided by AAA batteries
- Dual handle position for inflating or deflating
- Maximum pressure of 175psi (12 bar)
- Operating temperature from -20°C to $+60^{\circ}\text{C}$
- Inlet connection thread 1/4" BSPF
- Complete with 50cm rubber hose
